AIM OF THE COURSE, BRIEF DESCRIPTION	The aim of the course is to deepen the complex knowledge about architecture, through design as a creative process. An important element of the semester is the application of problem understanding, task management, choice of research methodology and application. Developing a confident architect's attitude to the relationship between the place's age and vision in the given task. The activity of the students in a dense urban environment and the planning task are only a means to acquire and enrich proficiency and knowledge. The concrete work will take place in Szigethalom close to Budapest (Csepel sziget). The preparation of a scientific student dissertation (TDK) from the semester plan is strongly recommended, even if it is not mandatory!

REQUIREMENTS FOR THE COMPLETION OF THE SEMESTER		
MID-SEMESTER TASKS AND TESTS		
Requirement	Description	Value (point, %, grade)
PARTICIPATION AT LESSONS	The practice lessons can be missed up to three times (see § 46 ETVSZ) Important: Presence only counts with presentation of the material to consult.	-
IN CASE OF ABSENCE FROM LESSONS AND EXAMINATIONS	Absence is considered to be justified with a medical certificate presented.	-
Short description of the TASKS	<p>We will design the new city center of Szigethalom and some of the buildings. An important part of the task is getting to know / understanding. Research and synthesis. We need to understand the location, the function. Enrichment of a preview file / reference base, and at a given point in space and time</p> <p>DECISION MAKING: every word we do has / will have weight. The goal is to develop the concept and think about it together with the consultant (as a helping but at the same time controlling “factor” and if you allow and He is sufficiently inspired by you and by your devotion with which you stand for the task, Well then with your person who is essentially a “MASTER”) And the task is to convert it into architecture / design. ..And presentation..</p> <p>The work can be started in a team of 2 people and it is recommended to start, so TEAMWORK.</p> <p>The task: A common vision of Szigethalom City Center for the 21st century in a future plan, its breakdown into a building and in a study. Preparation of an approx. 40-page study (TDK).</p>
