

Course name: Complex Design II.

Course code: YAXCD2FMNF

Hours per week: 2 lecture / 4 practice / 0 laboratory; Final mark/ 8 credit

Precondition for Erasmus students: 4 semester Architectural Design

In charge: Assoc. Prof. Aurél Benárd DLA, lecturer: Prof. Gábor Csanády DLA

OBJECTIVE OF THE COURSE:

The aim of the course is to deepen the complex knowledge about architecture, through design as a creative process. An important element of the semester is the application of problem understanding, task management, choice of research methodology and application. Developing a confident architect's attitude to the relationship between the place's age and vision in the given task. The activity of the students in a dense urban environment and the planning task are only a means to acquire and enrich proficiency and knowledge. The preparation of a scientific student dissertation (TDK) from the semester plan is strongly recommended, even if it is not mandatory!
