| AIM OF THE COURSE, BRIEF DESCRIPTION                      | Aim of the subject is to give a broad understanding of the European and Hungarian history of architecture, and to deepen the knowledge of the correlation between architecture and culture. The above is introduced through the case study of Budapest. |                                 |                                                              |
